4. How does one post a message?

You must be subscribed to the list (see #3). Then send E- mail to the posting address which is: molions@molions.net

5. What sort of things can one post?

Anything that is in good taste and of interest to Missouri Lions. Announcements of charter nights, club anniversaries, births, deaths, questions about membership, conventions, etc are all examples of things that might be posted. Lively discussions of all things Lionistic are expected! Please refrain from partisan politics, religion, and items which might offend those of us with delicate natures. In other words, post the same sort of things that would be considered proper to announce at a Lions Club meeting.

6. Can one post messages with attachments or in HTML form?

This mailing list, like many others, does not permit attachments or HTML. You may not post in "multi- part", it MUST be plain text. If you experience a problem with this, send E- mail to J.Y. for suggestions. Here is the URL of a web page that may also help: <http://www.expita.com/nomime.html>

The host of this list is MLERF (The Missouri Lions Eye Research Foundation), located in Columbia, MO. They provide this opportunity as a service to the Lions of Missouri. The list is not moderated.

PDG J. Y. Miller, a Lion from Glasgow, MO (26- C) created the list and is responsible for this FAQ and certain administrative functions. You may contact J.Y. at j.y.miller@sbcglobal.net
